Wellman – Union Health and Safety Protocols 2022-23

Executive Order GA-38 (GA-38), which has the effect of state law under Section 418.012 of the Texas Government Code, requires Texas public school systems to operate during the COVID-19 pandemic in compliance with the published guidance of the Texas Education Agency (TEA). This document constitutes TEA's guidance under GA-38 and takes effect immediately, replacing all prior guidance.

Public school systems are to operate in compliance with existing state laws and regulations, including all executive orders issued by the governor of Texas in response to the COVID-19 pandemic that are currently in effect.

The following are examples of existing state laws and regulations applicable to the operations of Texas public school systems during the COVID-19 pandemic:

- If an individual who has been in a school is test-confirmed to have COVID-19, the school must notify its local health department, in accordance with applicable federal, state and local laws and regulations, including confidentiality requirements of the Americans with Disabilities Act (ADA) and Family Educational Rights and Privacy Act (FERPA).
- Per GA-38, school systems cannot require students or staff to wear a mask. GA-38 addresses government-mandated face coverings in response to the COVID-19 pandemic.
- As provided in this Department of State Health Services (DSHS) Rule, school systems must exclude students from attending school in person who have or are suspected of having COVID-19, and must immediately notify parents if this is determined while on campus. As noted in the rule, exclusion shall continue until the conditions for re-entry are met:
 - 24 hour fever and symptom free without fever reducing medications
 - A parent should contact the school nurse if a student has been diagnosed with COVID-19.
- Parents must ensure they do not send a child to school on campus if the child has COVID-19 symptoms or is test-confirmed with COVID-19, until the conditions for re-entry are met.

This guidance is subject to change as new information becomes available.
