

Wellman-Union CISD Athletic Philosophy

The philosophy of the Wellman-Union athletic department is to teach all players to win. Winning comes from the learning and application of fundamental skills, developing certain character traits and acquiring positive attitudes. Winning is most often recognized by the score of the game, however players also learn to win when they are able to handle a tough defeat, or overcome what seems to be an impossible situation. This is done by learning to be a team player. By participating in Wellman-Union athletics, the player will learn the many aspects of becoming a winner, both on and off the playing field.

Wellman-Union ISD Athletic Goals

- Goal # 5** -To teach values which will carry beyond high school athletics and have the athlete become a positive role model for other students.

Conditioning may also be a consequence of this behavior. This will be determined by the Coach.
- G. By choosing to be part of Wellman-Union athletics, you commit yourself to being at all athletic competitions that you are involved in. Missing a game can result in serious disciplinary action. It is imperative that each athlete understand their responsibility to the team and that a sense of trust is built amongst team members. Activities outside of school competitions are not to be prioritized above school activities.
- H. During games the issued uniform will be worn. If it is not issued to you for competition, it must be cleared by the Coach. I want all athletes united and looking as one. Also, this will minimize the chance of being in UIL violation.
