Mrs. Yates updated the committee about completing hearing and vision screenings. She also informed the committee that we were audited on shot records and everything was good. She has began spinal screenings but has a few more to complete. She will schedule CPR for the Seniors as well as the girl and boy talks for 4th and 5th grade.

Stop the Bleed training for 7th thru 12th grade is mandatory according to HB3. Mrs. Yates has a video and then students will complete hands on part in the classrooms. Mrs. Yates will schedule that with Mr. Prowell on when to complete this training.

Mr. Foote updated the committee on the safety grant that the school has submitted to add additional cameras, walkie talkies, and door ajar alarms. We discussed that we will need coaches and after school activities to be scheduled with Coach Chase on when he needs to set the doors to be open.

Coach Boone shared the idea of having a color run for all of elementary and using silly string throughout the race. We will invite parents to join them with the color run.

Coach Boone brought up that she will be completing the fitness gram after Spring Break. Amber is ordering new scales for the nurses office.

Jump Rope for Heart kicks off on February 5th for elementary for 5 weeks.

PreK and Kinder will be a part of the Young Athletes Program in Tahoka on April 17th.
